

AJEET GUPTA

CSE AI & ML Student | Full-Stack & Generative AI Developer

Vadodara, Gujarat, India | ajeetgupta80045@gmail.com | +91 8787095611

GitHub: github.com/gajit9147-dev | LinkedIn: linkedin.com/in/ajeet-gupta-970478273 | LeetCode: leetcode.com/u/COaYLMANY

EDUCATION

Parul University - Computer Science & Engineering

Specialization: Artificial Intelligence & Machine Learning | 2025 - 2029 | 3rd Semester

TECHNICAL SKILLS

AI & ML: Python, Machine Learning, Generative AI, Gemini API, Prompt Engineering

Frontend: React, Vite, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Liquid Glass UI

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, Rate Limiting

Databases & DevOps: MySQL, MongoDB, Git, GitHub, Docker, Vercel, AWS Cloud basics

FEATURED PROJECTS

1. InnerVoice - Full-Stack AI Personal Journal & Mental Clarity Space

Technologies: React, Vite, Node.js, Express, MySQL, Cloudinary, JWT

- Built secure digital workspace for private journaling, user auth, and real-time dashboard analytics.

2. PromptWar - Competitive AI Prompt Engineering Arena

Technologies: React, Vite, Node.js, Express, Google Gemini AI API

- Interactive competition platform featuring dynamic evaluation, live leaderboards, and AI mentor feedback.

3. AI Systems Lab & Portfolio - Real-Time Engineering Portfolio

Technologies: React, Liquid Glass CSS, Express, Gemini 2.5 Flash, Octokit, LeetCode API

- Built glassmorphic responsive UI with live GitHub telemetry, LeetCode sync, and embedded AI companion.

4. Elite Wash & Luxury Living - High-Performance Web Applications

Technologies: Modern HTML5, Vanilla CSS / Tailwind, JavaScript, Responsive Design

- Designed and shipped conversion-focused web apps with optimized performance and dynamic interaction.

CORE FOCUS & PHILOSOPHY

- Learning through engineering: Transforming ideas into production-ready software.

- Exploring Generative AI, Large Language Model architectures, and agentic workflows.

- Active participant in hackathons, open-source collaboration, and algorithmic problem solving.
